

GET READY FOR A SCIENCE - sational SUMMER

We hope you'll join us for the **2009 Summer Science Camp** at Barry University! Any interested students in elementary or middle school are welcome to enroll. As an extension of the mission of Barry University, the Science Summer Camp provides students with a nurturing and transformative environment for learning on many levels. Through a series of **FUN** activities, campers will be encouraged to embrace intellectual life through study, research and reflection. The camp is designed to include recreation, experiments, special presentations and field trips in order to sharpen science knowledge and refine the human spirit.

Listed below is some basic information about the Summer Science Camp opportunity.
