The Department of Social Work and the Dwayne O. Andreas School of Law provide qualified Social Work Program students an opportunity to earn a combined Bachelor of Social Work degree and a Juris Doctor Degree. The Accelerated 3 + 3 Program allows students to complete both undergraduate degree and a law degree within six years rather than the traditional seven-year time period. Qualified students would complete the core undergraduate requirements within the first three years of study. The fourth year of undergraduate would also be the first year of law school. At the satisfactory completion of the first year of law school, the student would officially receive their BSW in Social Work). The accelerated program saves one year of college expenses and provides an accelerated entry into a professional career.
